

HORIZONTAL ACTION NEIGHBOURS

The main purpose of the HA Neighbours is to increase dialogue and practical cooperation between multilevel stakeholders in the EU and Iceland and Norway as well as Belarus and the North Western territories of the Russian Federation, in a mutually advantageous manner.

HA Neighbours supports EUSBSR stakeholders to identify partners in neighbouring countries by disseminating information about cooperation possibilities, organising match making events and ensuring dialogue between partners.

HA Neighbours contributes and brings added value to the EUSBSR by bringing the Strategy's stakeholders together with non-EU partners which increases (project) cooperation across borders as well as awareness of the Strategy in neighbouring countries and macroregions.
